MASCO INDUSTRIES LIMITED

2026 Edition

WHO WE ARE

Where Purity Meets Everyday Living.

Aquaken is a growing plastic products brand created for modern homes, businesses, institutions and everyday lifestyles.

As a brand by Masco Industries Limited, Aquaken brings together a wide range of practical and durable plastic moulded products across household furniture, houseware, baby care, hydration, cleaning and utility solutions.

Every Aquaken product is designed with a focus on usability, quality and everyday convenience. From chairs, stools, basins, buckets and lunch boxes to bottles, baby products and utility products, Aquaken supports daily routines with products made to be simple, functional and reliable.

Quality Manufacturing
We use premium materials and modern processes to ensure consistent quality, strength and safety in every product.

Made for Daily Life
Our products are practical, comfortable and easy to use, designed to fit seamlessly into everyday routines.

Wide Product Range
A diverse collection across multiple categories, giving you solutions for every room, every need and every occasion.

Expanding Across Markets
From our manufacturing base in Kenya, Aquaken serves a growing network of export markets across globe.

Our Export markets

Tanzania · Rwanda · Democratic Republic of the Congo · South Sudan · Mauritius · Burundi · Malawi · Uganda · Mozambique · Zambia · Ethiopia

2025	60+	Multi-use	B2B	Everyday	Kenya

OUR FACTORY

Where Quality Takes Shape.

Every Aquaken product begins in our modern manufacturing facility, where advanced technology, skilled craftsmanship, and strict quality standards come together to create products built for everyday use.

From precision moulding and material processing to finishing, inspection, and packaging, every stage of production is carefully monitored to ensure consistent quality across every product that leaves our factory.

Built Around Quality

Our manufacturing process is designed to deliver reliable products that meet the highest standards of performance and durability.

We manufacture using premium virgin polypropylene materials and maintain rigorous quality checks throughout production, supported by our in-house testing capabilities to ensure every product performs as intended.

Our Manufacturing Process

Raw Material › Moulding › Finishing › Inspection › Assembly › Packaging › Dispatch

Our Custom Branding Solutions

Bring your brand to life with high-quality custom branding using **IML (In-Mold Labeling)**, **HTL (Heat Transfer Labeling)**, **Screen Printing**, and **DTF (Direct-to-Film Printing)** for vibrant, durable, and professional results.

Manufacturing Capabilities

- Advanced injection moulding technology
- High-volume production capacity
- In-house quality inspection
- Food-grade PP manufacturing
- Custom colours and Pantone matching
- Corporate branding and private label production

B2B SOLUTIONS

More Than Products.
Built Around Your Brand.

Aquaken partners with businesses, institutions and consumer brands to create customised plastic solutions for promotions, packaging, retail programmes and everyday use.

Whether the requirement involves branding an existing Aquaken product or developing an entirely new solution, our team is ready to support the journey from concept to commercial production.

From Brief to Market

We work closely with clients to understand the product requirement, intended application, branding needs and production volumes. Our capabilities allow us to adapt existing products or explore new concepts that align with the client's market opportunity.

Brief › Concept › Development › Branding › Production › Packaging › Delivery

Custom Product Solutions

Adapt existing products through colours, sizes, finishes, lids, accessories and functional modifications.

Branding & Private Label

IML, HTL, Screen Printing and DTF for promotional programmes, co-branded products and private-label production.

Packaging Development

Custom plastic packaging and product solutions for food, beverage, personal care, home care and other consumer sectors.

New Product Development

Support for new shapes, applications, moulds and product concepts developed around specific commercial requirements.

Ready to Invest in the Right Opportunity

Where a project requires new tooling, product development or additional manufacturing capability, Aquaken is open to exploring the opportunity together. We assess feasibility, market potential and investment requirements with the aim of building commercially viable, long-term partnerships.

Brands We Have Worked With: Coca-Cola · point.
